NORTHWESTERN STATE COLLEGE, NATCHITOCHES, LOUISIANA

FEBRUARY, 1966

Fredericks, Former President, To Be Honored Here Feb. 26

Albert A. Fredericks, president of Northwestern State College (then Louisiana State Normal College) from 1934 to 1941, will be honored at a daylong program in his honor on the campus Saturday, Feb. 26.

His former students, Louisiana educational leaders, political associates, businessmen, and many other friends will participate in "Albert A. Fredericks Day." All are invited to the program and luncheon.

Fredericks has served with distinction in many capacities. From 1943 to 1958 he was State Senator from the 24th Senatorial District. Fredericks served as Executive Secretary to Governor Earl K. Long during 1948-50 and 1959-60. He was also head of the Department of Welfare for the State of Louisiana for three years and was a member of the State Board of Education.

In view of the long period of public service that Fredericks has given to his home town of Natchitoches, to Northwestern State College and to the State of Louisiana, his friends have planned this program, according to Ed Pierson, local chairman in charge of arrangements.

Dr. Boyd Woodward, State Board of Education member from Lake Charles and a graduate of Louisiana State Normal College in 1935, will serve as general chairman.

In honor of the occasion, Enoch T. Nix, President of the State Board of Education, has recognized the day and will hold the meeting of the State Board of Education in Natchitoches Feb. 26. William Dodd, State Superintendent of Education, and a former student of Fredericks, along with a host of former students, and prominent persons will participate in "Albert A. Fredericks Day."

Natchitoches Mayor Ray Scott will issue a proclamation officially designating Feb. 26 as "Albert A. Fredericks Day."

Tentative plans include a meeting of the Board in the morning at 9:00 o'clock in the Administration Building on the campus, a special program at 10:30 o'clock in Prather Coliseum, and a luncheon in St. Denis Hall at 1:00 o'clock. Cost of the luncheon

Albert A. Fredericks

will be \$1.50 per person and all are invited to attend, according to Pierson. Reservations must be made in advance, however, by writing Wade Davis, P. O. Box 4027, Alexandria.

Fredericks served as a member of the State Board of Education from 1948 to 1956. He was a member of the State Board of Commerce and Industry from 1948 to 1960. He was Commissioner of State Welfare from 1950-52. More recently, he served as Chairman of the Louisiana Commission on the Aging from 1959 to 1963. He was a special representative to the White House Conference of the Commission on the Aging.

Fredericks has been a special representative of the Kansas City Southern and Louisiana and Arkansas railroads since 1942.

A native of Clear Lake in Natchitoches parish, Fredericks was born on a farm homesteaded by his father "between the forks of the creek." His early education was in a one-room school. At 13, following his mother's death, he went to work in saw mills, logging camps, and on neighboring farms.

He entered the Normal and on completion of the two-year program began as a teacher at Sharp, near Boyce. Later, he attended LSU and remained in the Agricultural Extension Division of the University. He later accepted a position as a teacher of

2 New Accounting Business Programs Introduced at NSC

Education in Accounting and Business at Northwestern will be advanced by two new programs to be initiated in the current semester.

Dr. Earl G. Thames, associate professor of business, stated that the new program would consist of: (1) a Business Aptitude Contest in connection with the Northwest Louisiana Rallies and (2) a tutorial program for students in elementary Accounting. The business aptitude contest will utilize tests devised by the American Institute of CPA's to measure high school students' achievements toward an accounting or business career. Prizes will be awarded high scorers in this contest.

To further advance the knowledge of students enrolled in elementary accounting, a tutoring program is being instituted. Upper classmen majoring in Accounting, selected and supervised by the faculty, will conduct daily tutoring sections to aid freshmen and sophomores studying elementary accounting. These steps, along with others currently under consideration, are expected to materially benefit students with respect to their chosen careers in business.

Demons Battle For Basketball Lead

Northwestern's surprising Demon basketball team, making folks around Natchitoches, forget last year's 9-16 record, has been battling Southwestern Louisiana neck and neck for the Gulf States Conference lead.

The Demons, 14-5 through their first 19 games, claimed a 7-2 conference worksheet after humiliating Louisiana Tech at Prather Coliseum Feb. 8, 87-68. Northwestern could do no wrong against the Bulldogs hitting 53 percent from the field and baffling the Techsters with a tenacious zone defense.

Taking over the GSC lead Feb. 1 with a 90-78 win over defending champion Northeast, the Demons dropped a notch in the standings by losing to Southeast-

LETTERS

800 South State St.
Abbeville, Louisiana
January 26, 1966

Joe W. Webb, Editor
Alumni Columns
Northwestern State College
Natchitoches, Louisiana

Dear Mr. Webb:

It just doesn't seem possible that 16 years have passed since Julia Cash Smith and I, among others, have graduated from good old NSC.

I read Julia's letter in the last issue of Alumni Columns with great interest and found it a pleasure seeing the picture of a former classmate with such a large family. How little this world is! The years since 1950 have taken Julia Cash Smith to Whitestown, Ind., and Harry Creech of our class to Loring Air Force Base, Maine. They have left me in my hometown of Abbeville where I still edit the local newspaper and where I have found joy, happiness and friendship.

My old friends may be interested in knowing that though journalism has been my bread and butter all these years, I have not abandoned my first love, teaching. I am a member of the Vermilion parish adult education faculty which I find very reward-

COLLEEN MARIE LEACH, one-year-old daughter of Mr. and Mrs. William M. Leach of Kelthville. Mrs. Leach is the former Gloria Lynn Chance, BS in nursing, '60.

ing. I teach two nights a week, and my classes have been very responsive. Seventeen of my students have earned diplomas since our classes began about a year ago.

But my major job is editing the Abbeville Meridional. It is still what we call a country weekly, but we have had fun giving it a small "metropolitan" touch which is pleasing to our readers.

I understand that Abbeville has been well represented on the NSC registration rolls these past few years. I am confident that all home-town folks who attended found The Hill as wonderful a place as I did.

Let me say in closing that I mean this letter to reach all my old NSC friends and classmates with sincere greetings and best wishes. It's been so much fun "being back at Northwestern" during the time it has taken to write these lines.

Yours truly,
Joe Choate

Expect Large Entry For Second Annual Indoor Track Meet

Entries have been pouring in for the second annual Graduate "N" Club Indoor Track and Field Meet at Prather Coliseum Feb. 25 and 26.

A dozen universities and colleges and 45 high schools have already entered the meet, and director Walter Ledet said many more teams have informed him they will enter.

High school competition will be held Friday night, Feb. 25, and the colleges swing into action Saturday night. Events both nights begin at 6:30.

The high school meet will include the 60-yard high hurdles, pole vault, broad jump, 60-yard dash, 16-lap relay, 4-lap relay, shot putt, high jump, 440-yard dash, 880-yard run, mile run and mile relay.

Colleges will run the two-mile race in addition to the high school events and will have a two-mile relay instead of the 16-lap relay.

Included in the high school entries are eight out-of-state teams from Texas, Arkansas and Mississippi.

Entries in the college division thus far are Auburn, Louisiana State, Southern State, Louisiana Tech, Northwestern, McNeese, Sam Houston State, Southeastern, Northeast, Harding College, Stephen F. Austin and Tulane.

Some of the stars are Frank Lacina of Sam Houston State, defending NAIA pole vault champion with a 15-3 mark; high-jumper Randy Geyer of LSU, who has soared 6-10; broad-jumper Gary Groff of Tulane with a mark last year of 24-6½; Dick Reding of Northwestern, defending GCS shot putt champion with a 54-foot record and Southern State's George Eriquezzo, who runs the 100 in 9.3.

tern at Hammond four days later, 86-69.

With the conference slate more than half over, the race seemed to be boiling down to a dogfight between the Demons and Southwestern.

Having to meet both Southwestern and Northeast on the road in the fading days of the campaign puts the Demons in an awkward position, but Hildebrand expressed confidence in "one of the most spirited clubs I have ever seen."

Leading the way for the Demons this season has been All-GSC junior forward David Clark.
